

TRAFFIC SHIFT ON STATE ROAD (S.R.) 46/LAKE JESUP BRIDGE

GENEVA – On Friday July 31, 2009 (after 7:00 PM), traffic will be placed on the new SR 46 bridge over Lake Jesup. There may be minor delays and travelers are advised to be alert for the new traffic patterns, construction equipment and construction personnel. Some local side roads may be detoured for a short time frame and travelers are advised to follow the signs.

Bad weather and other unforeseen circumstances could affect construction schedules.

FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in work zones. Speeding fines are doubled, when workers are present.
